CORONAVIRUS

We are taking this virus very seriously and taking extra steps to improve our already high standards of hygiene to protect ourselves, but most importantly, our clients during this outbreak. We strongly urge any clients who have travelled to any of the affected areas or show signs of the virus to reschedule your appointments. We are not being rude but simply asking you to be extra careful. Your well-being is very important to us. We all appreciate your cooperation during this period

Chris, Julia and all the staff
